Distinguished Members:

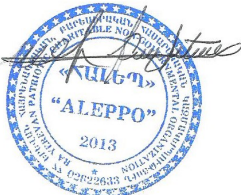

On behalf of the Board Members of the Aleppo Compatriotic Charitable Organization (NGO), I would like to express my profound gratitude and adulation to the noble humanitarian and patriotic mission you continue to carry out by supporting our compatriots in Syria.

We immensely appreciate your life-saving work of providing emergency relief assistance to our compatriots in Syria and thoroughly recognize the rapidly deteriorating humanitarian situation in Aleppo. Consequently, the Board Members of the Aleppo Compatriotic Charitable Organization (ACCO) has decided to commence its establishment by allocating Ten Thousand U.S. Dollars (\$10,000) to the Aleppo-Armenian Emergency Relief Body, to support your life-saving mission in Aleppo.

Adhering to the values of our organization, we kindly request that you provide a detailed report, highlighting the exact use of the allocated funds (\$10,000) in the implementation of your emergency relief programs. To assist you with the reporting procedure, we will send you a "Report Template" that you can fill out at the conclusion of your relief operation.

We hope that this financial contribution signals the beginning of a new partnership between our respective organizations, and that we continue cooperating together in the future to provide life-saving support to our compatriots in Syria. Should you have any questions, or to discuss any relevant issues, you can reach me at +374-77-260-715 or ani@aleppo-ngo.org.

Sincerely,

Ani Balkhian
President
