

**The Project expected results:**

- Established Syrian Youth Participation Center;
- Ensured stable platform integrating Syrian youth residing in Yerevan, and offering equal opportunities for education and access to information and resources;
- Future leaders equipped with skills and knowledge to build better future in Armenia;
- Youth activities, initiatives on exchange of experience and the best practice.

At the end of the project, in order to highlight the project implementation success, young people will carry out event called “We build our future in Armenia”.

All project participant Syrian–Armenian young people will be awarded certificates of participation and successful compilation of the training program.

**The Project Sustainability**

To ensure project further sustainability, the Syrian Youth Participation Center will be established in the framework of the Project. The SYC will serve as a stable platform integrating the Syrian-Armenian young people residing in Yerevan and offering equal opportunities for education and access to information and resources.
